Dear Dr. Gertenbach,

I would like to thank you for your letter of November 29, and for your contribution of \$ 2'500.00 to the Gordon Conference on Phagocytes. This sum will be used as required specifically in your above-mentioned letter.

I will be happy to welcome the representative of the Council for Tobacco Research at the conference. I expect to receive more applications than I can accept. Therefore, I would like to suggest that your representative send a copy of his application to the Gordon Conference Office and to me personally.

With best regards

Yours *M. Baggiolini*
